Professional Summary

Ever since my family got our first computer when I was in the second grade, my love affair with technology and creativity has powered my success in school and in work. For the past three years, I have been working as a web developer and have greatly enjoyed the creative outlet that allows for writing and design. Going forward, I would like to pursue a position as a web developer that utilizes my technology, design, and writing skills.

Core Strengths

- Visual thinker
- Technical and analytical
- Natural bent for creativity
- Task and process driven
- Effective on a team or independent
- Strong work ethic, integrity driven, and reliable

Technology Snapshot: HTML, CSS, PHP, Javascript, Python, Ajax, ASP, Java, C#, C++, Wordpress, Squarespace, GIMP, MySql

Professional Experience

Technology

- Programmed in Javascript and JQuery across a wide variety of professional projects at Sleepless Media while learning new disciplines, languages, and methodologies, ultimately creating products that pleased the clients
- Programmed a wide variety of websites, apps, and algorithms as a full stack web developer at LitmusBox LLC, using several different disciplines to exceed clients' expectations
- Programmed a text-based adventure game from the dirt up using C# and researched a wide variety of subjects, including history, religion, and marine biology to create an immersive experience

Design

- Conducted QAs and implemented change orders as a full stack developer at Sleepless Media while maintaining the aesthetics and UX indicated in mock-ups and requested through client feedback
- Designed several professional websites as a full stack developer at LitmusBox LLC, paying particular attention to user experience and interface while providing an aesthetic that pleased the clients
- Programmed and implemented programs and algorithms in an aesthetically pleasing way that exceeded clients' expectations

Writing

- Wrote professional articles as a writer for Sleepless Media, including news, tutorials, and technical writing on the subject of web development and the constantly shifting world of technology in general
- Wrote professional websites as a contractor for LitmusBox LLC in several mediums on as many subjects; clients were very happy and went on to use the materials successfully
- Wrote several process flow documents at LitmusBox LLC to train clients' employees to use produced materials for support after the commission, which drew appreciation and high reviews
